

Blackhawk Talk

2014-2015 Issue 1

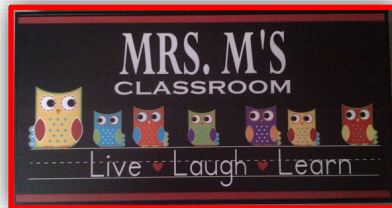

October

School is Back in Session!

We are "Building a Bright Future"! Exciting things are happening every day! Read on to see what's been going on up here on our hill.

Pre-Kindergarten is Here!

Pre-K is off to a great start. We welcome Mrs. Marily Gomez, "Mrs. M" to the students, as our Pre-K teacher. The 3 and 4 year olds are getting into a routine and are very excited to be here. They have been very busy. The classroom was just a frame a couple short months ago and now it is filled with laughter and learning. Thanks to everyone who helped to make our vision a reality.

Grandparents' Day

In September, Grandparents came to spend the afternoon with their grandchildren. Keeping with our theme of "Building a Bright Future", the students and grandparents got to work trying to build the tallest building using spaghetti and marshmallows. It was a little tricky, but they had fun. After cake and lemonade, everyone went to church for a prayer service.

More Talk

New Faces

Besides Mrs. M that we've already mentioned in the Pre-K classroom, we'd also like to welcome Msgr. Neuhaus and Mr. Ryan Leopold (gym teacher) to our family.

Vent Haven

Ventriloquism Museum

Students in grades 3-6 visited the Vent Haven Museum to learn about the art of ventriloquism.

Duke Energy School Assembly

Tokyo Dragon - 3rd & 4th gr. Experiencing the Japanese culture after reading the book Sadako and the Thousand Paper Cranes

Visiting Artist—Oil Painter, Margie Lindberg

Home Depot Visit - Students in Pre-K built their own toolbox and grades 1-4 built a birdhouse.
